

EMMA V. M. LANDRY

emmalandry@g.ucla.edu $\diamond$ emma-landry.github.io
Fielding School of Public Health $\diamond$ Los Angeles, CA 90095

EDUCATION

PhD in Biostatistics <i>University of California, Los Angeles</i> GPA: 4.0 <i>Advisor:</i> Donatello Telesca	September 2021 - June 2026 <i>Los Angeles, CA</i>
MSci in Mathematics <i>Imperial College London</i> First class honours <i>Advisor:</i> Seth Flaxman	September 2017 - June 2021 <i>London, United Kingdom</i>

PROFESSIONAL EXPERIENCE

Postdoctoral Research Fellow <i>Department of Oncology, Division of Quantitative Sciences, Johns Hopkins University School of Medicine</i> Development and applications of novel statistical methodologies for utilizing high dimensional biomarker data, including imaging markers, as related to early diagnosis of Alzheimer's disease. Supervised by Zheyu Wang and Brian Caffo.	August 2026 - Present <i>Baltimore, MD</i>
Graduate Student Researcher <i>Department of Biostatistics, University of California, Los Angeles</i> Analysis of transportability of financial literacy score predictions in Belgian schools using double machine learning; development of novel Bayesian methodology for domain adaptation under covariate shift. Supervised by Falco Bargagli-Stoffi.	April 2025 - June 2026 <i>Los Angeles, CA</i>
Graduate Student Researcher <i>Department of Biostatistics, University of California, Los Angeles</i> Development of Bayesian statistical methodology for the study of Autism Spectrum Disorder through analysis of EEG measurements. Supervised by Donatello Telesca.	October 2021 - March 2025 <i>Los Angeles, CA</i>
Peer tutor <i>Department of Mathematics, Imperial College London</i> Weekly sessions with a group of first year undergraduate students, providing support with courses and solving problem sets.	October 2020 - March 2021 <i>London, United Kingdom</i>
Undergraduate Student Researcher (UROP) <i>Department of Mathematics, Imperial College London</i> Summer research project focused on modeling gun violence in U.S. cities using a Bayesian spatio-temporal Hawkes model. Supervised by Seth Flaxman, in collaboration with Andrew Holbrook, Charles Loeffler and Alexey Knorre.	June 2020 - October 2020 <i>London, United Kingdom</i>

AWARDS AND HONORS

Winner of the ASA-SBSS Student Paper Competition (\$800 Travel Award) <i>ASA Section on Bayesian Statistical Science</i>	2026
Best Poster Award at the 14th International Conference on BNP <i>International Society for Bayesian Analysis</i>	2025
Best Poster Award at the ISBA World Meeting 2024 <i>International Society for Bayesian Analysis</i>	2024
Junior Travel Grant for the ISBA World Meeting 2024 (\$800) <i>International Society for Bayesian Analysis, NSF support</i>	2024
Best Poster Award at the UCLA Graduate Research Showcase (\$500) <i>UCLA Graduate Student Association</i>	2024
3 Minute Thesis Competition for UROP, Winner <i>Department of Mathematics, Imperial College London</i>	2020
Chris Champion Prize <i>Department of Mathematics, Imperial College London</i>	2020
Winton Capital Management Prize for Mathematics <i>Department of Mathematics, Imperial College London</i>	2019

SCHOLARSHIPS

Dissertation Year Award (\$30,000 + tuition) <i>Division of Graduate Education, University of California, Los Angeles</i>	2025 - 2026
Division of Graduate Education Fellowship (stipend + tuition) <i>Division of Graduate Education, University of California, Los Angeles</i>	2021 - Present
Summer Mentored Research Fellowship (SMRF) (\$6,000) <i>Division of Graduate Education, University of California, Los Angeles</i>	2022

PRESENTATIONS

CONTRIBUTED TALKS

Joint Statistical Meetings <i>Modeling EEG Spectral Features Through Warped Functional Mixed Membership Models</i>	August 2026 Boston, MA
WNAR/ IMS Annual Meeting <i>Bayesian Regression in the Wasserstein Space for Density-Valued Data</i>	June 2025 Whistler, Canada

POSTERS

14th International Conference on Bayesian Nonparametrics <i>Bayesian Regression in the Wasserstein Space for Density-Valued Data</i>	June 2025 Los Angeles, CA
Conference on Statistical Learning and Data Science <i>Curve Registration for Mixed Membership Models</i>	November 2024 Newport Beach, CA
ISBA World Meeting <i>Curve Registration for Mixed Membership Models</i>	July 2024 Venice, Italy
UCLA Graduate Research Showcase <i>Curve Registration for Mixed Membership Models</i>	April 2024 Los Angeles, CA

TEACHING

Teaching Assistant <i>Department of Biostatistics, University of California, Los Angeles</i> BIOSTAT 406 (Applied Multivariate Biostatistics) <i>Instructor</i> : Donatello Telesca	April 2025 - June 2025 <i>Los Angeles, CA</i>
---	--

Teaching Assistant <i>Department of Biostatistics, University of California, Los Angeles</i> BIOSTAT 250C (Multivariate Biostatistics) <i>Instructor</i> : Donatello Telesca	April 2023 - June 2023 <i>Los Angeles, CA</i>
--	--

Teaching Assistant <i>Department of Biostatistics, University of California, Los Angeles</i> BIOSTAT 250B (Linear Statistical Models) <i>Instructor</i> : Weng Kee Wong	January 2023 - March 2023 <i>Los Angeles, CA</i>
---	---

Teaching Assistant <i>Department of Biostatistics, University of California, Los Angeles</i> BIOSTAT 250A (Linear Statistical Models) <i>Instructor</i> : Weng Kee Wong	October 2022 - December 2022 <i>Los Angeles, CA</i>
---	--

MENTORSHIP

Harvard College OpenBio Laboratory <i>High School Student Research Project Supervision</i>	June 2024 - August 2024
---	-------------------------

- Jooa Lee, *Analyzing phylogenetic aggregation at varying viral taxonomic ranks via MDS-based cosine distance and its association with zoonosis.*

PROFESSIONAL SERVICE

SERVICE TO PROFESSIONAL SOCIETIES

Secretary of the j-ISBA section January 2026 - December 2027
International Society for Bayesian Analysis

CONFERENCE ORGANIZATION

Scientific Committee Member June 2026
BAYSM 2026 Chiba, Japan

SERVICE TO THE UNIVERSITY OF CALIFORNIA, LOS ANGELES

Vice President, Academic Affairs June 2023 - May 2024
UCLA Graduate Student Association Los Angeles, CA

Graduate Student Representative, Executive Board October 2023 - June 2024
UCLA Academic Senate Los Angeles, CA

Graduate Student Representative, Graduate Council October 2023 - June 2024
UCLA Academic Senate Los Angeles, CA

Graduate Student Representative, Legislative Assembly October 2023 - June 2024
UCLA Academic Senate Los Angeles, CA

Director of Discretionary Funding October 2022 - May 2023
UCLA Graduate Student Association Los Angeles, CA

PROFESSIONAL SOCIETIES

International Society for Bayesian Analysis 2022 - Present
Member

Institute of Mathematical Statistics 2024 - Present
Member

Western North American Region of the International Biometric Society 2025 - Present
Member

American Statistical Association 2026 - Present
Member
